COUNCIL.

Unless it is considered inexpedient to have outsiders,----
Dr. Skinner and Mr. B. Hanumanta Rau may both be appointed. I have
written to them privately as to whether they would undertake the
work and expect a reply in three or four days. Their presence in
the Council and Senate in the beginning would add prestige to our
new University.

Four of the nine have to be Professors or Principals of con-
stituent Colleges under the Regulation.

The two Principals and Mr. Metcalfe have necessarily to be
there. The other Professor may be either Mr. Sambasivayyar or Mr.
M. T. Narayaniengar. { Both these are senior to any of the
Mysore College Professors in age
and service.

The Vice-Chancellor and the Inspector General of Education
are necessary members.

There remains only one place to dispose of, and for that one
of the following may be selected:

Mr. J. S. Chakravarti. (Sanskrit, Financial advice, and
general scholarship.)

Mr. Karpur Prativasa (Buildings, Sanskrit, Sympathy
Rau. for students.)

Mr. Mir Hunza Hussain. (Urdu, and Persian, Mussalman)

Mr. Mirza M. Ismail. (Gentleman).

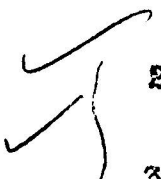

Mr. M. C. Rangtengar. (Non-official, General learning)

The Council would then be composed as follows:

1. Vice-Chancellor.

1. Vice-Chancellor.

2. The Inspector General of Education.

3. Mr. Tait, Principal, Central College, Bangalore.

Mr. Reddy

4. Mr. T. Denham, Principal, Maharaja's College, Mys

Encl. for

Dear Mr. Nanjundayya,

Many thanks for your kind note of the 16th instant. As a Mysorean, I shall be happy to serve the Mysore University in any capacity.

No doubt, at my age, a journey from Madras to Mysore would be rather trying; but I presume the monthly meetings will be more often held in Bangalore than in Mysore. Of course care must be taken that the dates of meetings do not clash with those of the Syndicate meetings at Madras which are always held on the first and other Tuesdays of a month. ^{Saturdays} ~~Fridays~~ and ~~Tuesdays~~ will be more convenient for people from Madras.

There is a strong feeling in Madras that our University is too much in the hands of experts, that the teaching is not sufficiently practical, and that the graduates of the new dispensation are unfit to carry on the work that devolves on them in actual life. I sincerely hope that Mysore will turn out practical men, efficient officers and good citizens, fully in sympathy with the aspirations of the people of the country.

Yours sincerely,

Sd. B. Hanumanta Rau.

P.S.

I shall be glad to know when the several
Boards of studies will be appointed and the courses of studies
discussed and settled.

Dear Mr. Nanjundayya,

I received your letter of the 16 th inst. this evening, and must wire to you to-morrow my inability to - accept your kind proposal.

I am conscious of the honour you have done me in thinking of me for appointment, and I should be proud to serve the Mysore University in any way. But I feel that the work it would involve is more than I can undertake, and that it would be very difficult, if not impossible, for me to be present at your monthly meetings consistently with my duties in Madras. From a - more personal point of view, I also should somewhat dread the -- frequent journeys, for which I am no longer so fit as I once was.

With many thanks for your kindness, and wishing the University all success.

Yours very sincerely,

Sd. William Skinner.

NOTE.

As the number of members required is limited, it is difficult to decide which names among those which may be considered eligible have to be left out. The Regulation (draft) lays down 60 as the maximum number. It is not necessary to fill up the whole number, and perhaps some --- places may be kept open. In my opinion 50 members would be sufficient. It must however be noted that there is no express provision to make any new ^{of} appointments (except to fill up vacancies) during the first three years.

2. It is laid down ⁱⁿ in the Regulation that -- the majority of the members of the Senate should be persons connected with Education. This rule is not imperative for the first appointments, but seeing that the Senate's main business is to settle courses of study, and regulate teaching, &c., it should be observed if possible in making the first appointments also.

3. Two lists are attached- one of gentlemen -- living in the Mysore State, and another of those outside. -- The names are arranged in a sort of order of merit, of -- course solely from the point of view of interests of the -- University business, and may perhaps be selected in that -- order. Some obviously good names are left out as there were doubts as to whether they would accept the onerous ^{honour} to be conferred. Some names such as those of ~~Members of~~ Government -- and Heads of important Departments have to be included after settling any question of principle that may be involved.

2.

4. The members of the Unoversity Council - and the Professors will be ^{all} ex officio after the - first three years. It is quite necessary that they should all be in the Senate now. Their names are - therefore inserted first. Other names connected - with the Profession of Education are given immediate ly after.

Names

5. The ~~list~~ of gentlemen residing out of - Mysore ^{one} is given in a sepearte list. It would be - expedient to select about half a dozen names from it Of these gentlemen, Mr. Hanumantha Rao has agreed. -- Perhaps it would be best to consult the other gentle men selected before inserting their names in the - schedule.

6. The Boards of Studies and other boards - contemplated in the Ordinances are not ^{at} consulted now. When they are to be appointed after the University comes into being, some of the names of the outside Professors and others may be included in those boards.

7. Lists received from some of the members of the University Committee are attached.

Malleswaram,

Copy of letter from Mr. Denham to Mr. H. V. Nanjundayya dated
30 the May 1916.

" I have been thinking over the question of the First Year's -
Examination. I do not think the Committee have committed themselves
too far as regards conforming to the wishes of outside Universi-
ties. Personally, I strongly object to any undue compliance with -
the wishes of the Madras University-where, I am afraid, we must ex-
pect an uncompromising attitude. An Examination closely approximat-
ing to the present Intermediate will be fatal to our scheme of -
studies, especially our course in English. We ought not to become -
the humble handmaid of any University. If our course of study is
not accepted, it will be far better for us not to cater for the few
students who take up Medicine and Engineering. Such students should
be plainly told in July the risk they are running. There will not
be many. And in view of what may happen, I would strongly urge the
immediate necessity for establishing Medicine and Engineering -
courses in our University from 1917.

I hope that it will be possible for you to put my views be-
fore the Government."

My dear Viveśvaraya,

I think it would
be a good thing that
we should have a
member of the Christian

desirable addition.

My dear Visvesvaraya,

I return herewith the list of members of Council and Senate sent to me by the Private Secretary, together with a note thereon.

H. M. Srinivasaya

MEMBERS OF THE COUNCIL AND THE SENATE.

C O U N C I L . -

There ought to be 4 Professors. There are only three.
Mr. Sambasiva Iyer may be restored.

S E N A T E . -

Including members of the University Council (and omitting Mr. M.C. Ranglengar's name coming twice) there will be 59 members in the Senate. If there is to be a majority connected with Education, there should be 30 such men. There are only 24 such in the list made up. I include as such Rev. Pittendrigh, Dr. Hay, Rev. Froger and Mr. Yegnanarana Iyer and also out of the Council, Messrs. Shama Rao, Tait, Reddy, Metcalfe and Hanumantha Rao.

Though the provision in clause 15 of the draft Regulation does not apply to the 1st Senate, it is inexpedient that the rule should be broken in the constitution thereof. We agreed to 2/rds being "persons pursuing the profession of Education" in the note submitted to Government of India. This was subsequently altered to "the majority being connected with Education". The Madras Syndicate's criticism raised a doubt as to whether 2/3rds (which in their opinion was very desirable) would be kept up. I think it very necessary & that the Senate taking its functions into consideration should have more than a bare majority of educational men.

I think that half a dozen educational men may be substituted for some of those who are included - preferably for the names introduced into the list over those in the list submitted by me.

There are no Bombay names and so I would again suggest that Mr. Bhabha who has long been connected so honorably with our Education Department may be added.

In publishing the lists, the headings in the list of Senate Fellows (as Professors, etc.) should be left out. The names of members of Council should be repeated under "Senate"

Since writing this note, I have seen the revised copy of the bill in which some alterations have been made which remove one or two inconsistencies pointed out. But the substance of the criticisms given above still remains valid.

Mirza M. Ismail Esqr., B.A.

My dear Sir,

I enclose herewith lists of names for nomination to the University Council and the Senate for the consideration and orders of His Highness the Maharaja.

For the University Council, list A is the one approved by the Council. List B has been prepared after further consideration as Mr. Denham requests that he may be given a seat on the Council. List C is an alternative one. Either list B or list C may kindly be approved.

The list of names for the Senate has been prepared after considerable discussion and may be approved. As the maximum number that may be appointed to the Senate is 60 and various conditions have to be satisfied, I request that I may be authorised to add to or omit from the list a few names as necessity arises. Some of the men now thought of may not be able or willing to accept a seat on the Senate and this is one of the reasons why, in order to save time, the above request is made. Additions and alterations will be carried out at His Highness' pleasure.

I shall be obliged if you will kindly obtain His Highness's orders and communicate the same to me at your very early convenience.

Yours sincerely,

Dewan.

My dear M. S. Vasudevaiah,

About that notification sent for issue from the Secretariat today, there was some difficulty and the Asstt Secretary brought it to me. I went & had a talk with Mr. Jait & Mr. Bannaji, and after explanation, arranged that it should go through, with some verbal changes.

Will you kindly let a

whose consent should be pre-
viously asked for, and if you
have no objection state that
Government is desirous of ap-

Mr Denham is to be full time

I am sending you separately
the lists of names selected
for the Council and the Senate.
I have written to Mr Brandhorst

they would be willing to be
members of the Senate. If there
are any others I have consulted you
may do so but on further
consideration I think it is not
unnecessary to say anything about
the intention of Govt to appoint

only gentlemen ^{are willing to give} who ~~have~~ ^{to this} the time ~~for~~ work

My dear Mr Nanjundayya.

My very hearty congratulations on your being the first Vice-Chancellor elect of the Mysore University. May you have health and strength vouchsafed to you to enable you to discharge your arduous duties.

If you have not already thought of me as an Educationist of nearly 35 years' standing I request you to put in a word on my behalf for a Fellowship.

I have had the privilege of educating several Mysore students during the 25 years I have been

Principal of the Wardlaw College,
Bellary. Mr C. R. Narayana Rao
the Principal of the Training College,
Mysore is one of my former students.

I am one of the oldest Fellows
of the Madras University having
been nominated by Government in
1898 and again under the new
act in 1904. The late Rev J. Cooling
and myself were the only two
Principals of Mission 2nd grade
colleges to be the first nominees.
During all these years I have been
a member of the B^d of Studies in
Teaching.

If I had accepted the offer
that came to me from Mr Cook
in 1882 to be his Ass^t in Science

59

I should perhaps be serving the Mysore Govt. at the present moment.

In the Institution of which I am in charge I have introduced Kanarese as one of the optional languages although Telugu is the language officially recognised as the Vernacular of the District. The book herewith sent is the work of my Kanarese Pandit, for your kind acceptance.

If there were wanted of my practical interest in the College of the Mysore State I have given is by sending my sons to the Central College, Bangalore.

I would like to add that by the nomination sought for the

Myer University will have a representative in the Senate of the Indian Christian Community and of the London Mission which is carrying on Educational work in Bangalore. I shall of course deem it a privilege to serve on the Senate.

 I feel that in matters of education

My dear Sri Visweswarich,

I am much
 obliged to His Highness the
 Maharaja of Mysore for having
 done me the honour of ap-
 pointing me a Fellow of the
 Mysore University. I wish
 I were settled in Mysore

as as to be able to take an ^{the}
 active interest in the affairs
 of the University. It was chiefly
 want of interesting work that
 drove me back to Bombay
 after retirement. Here I
 have plenty of friends &
 also interesting work to do.
 I hope I may be of some
 use to the University even
 from a distance.

With kind regards

I am

Yours sincerely

HJ Bhabha
